## HE'S NOT A QUITTER

Ballinger Says He Did Not Bring Resignation With Him When Questioned Today.

(Herald Special.)  
Beverly, Mass., July 5.—"I've never been a quitter, and I didn't bring any resignations with me, and I don't expect to leave one when I go away." This was the reply Secretary of the Interior Ballinger made to questions asked him as to whether or not he had come to the summer capital to resign his place as member of Taft's cabinet. He declared he was here to talk over with the president the re-organization plan for the land office reclamation service, as a result of the new legislation.

Ballinger is in conference with President Taft this afternoon. Although the meeting was announced as being a conference over issuance of reclamation bonds, it is understood on good authority that the fate of F. H. Newell, director of the reclamation service, is to be determined.

## Our JULY SALE of Men's and Boys CLOTHING

Which was started on the first of this month is proving successful far beyond our expectations. We, of course, expected to do a lively business in the face of the extremely low prices we made in our clothing department, but hardly expected the tremendous selling we experienced on the start off. We were fortunate in another way too—that is by selling a great variety of suits as well as a great number—thereby keeping our assortment intact—which enables us to offer you the same great variety now as we did on the first day. This is the way

### Asking For Bids.

best foot forward, as it were, they are granted this request. Good banks are good advertisements for the town and section. Palestine is blessed with good banks.

### Yesterday's Rain.

Yesterday's splendid rain seems to have been a general one, and did a great deal of good, even if it did interfere with some of the picnics. It generally rains on the Fourth of July anyway, and everyone was expecting it of course.
